Past Event Report

About Past Event:

Scientex Conference successfully hosted its second series on the “2nd International Conference on Cancer Science and Therapy” at City Seasons Dubai Hotel, 2 27th St - Port Saeed - Dubai - United Arab Emirates during May 15-16, 2023 and 2nd International Webinar on Cancer Science and Therapy” during May 22-23, 2023 in GMT +4 timing. The conference was organized with a theme of “Fighting Cancer with a Unified Oncology Research Approach” and it was a great success where eminent keynote speakers from various universities addressed the gathering.

The generous response and active participation of the Organizing Committee Members played a major role in the success of Cancer 2023. On another hand, we take the opportunity to thank all the speakers, delegates and participants for providing their valuable support and time for the conference. Cancer 2023 Organizing Committee would like to thank everyone who attend the conference for making the sessions such a worthwhile experience. Also, we would like to thank the Moderator of the conference, Janet Gallardo Zapata, National Autonomous University of Mexico, Mexico who contributed a lot to the smooth functioning of this event.

PAST CONFERENCE GALLERY

Event at a Glance

3rd International Webinar on Cancer Science and Therapy

MAY 20-21, 2024 | GMT+7

Title: Accuracy of high risk HPV DNA genotyping, cytology and VIA as the triage strategy for HPV positive women in cervical cancer screening

Myint Myint Thinn, Central Women's Hospital, Myanmar

Title: Mullerian Cyst Presenting as an Inguinal Mass: A Rare Case Report

Nimah A. Rabai, Princess Basma Teaching Hospital, Jordan

Title: Bioinformatics analysis of SOX2 gene expression in gliogenesis

Shouhartha Choudhury, Assam University, India

Title: Epithelial cell adhesion molecule expression in response and resistance to platinum containing chemotherapy for advanced epithelial ovarian cancer

Thin Myat Myat Shein, Central Women's Hospital, Myanmar

Title: The relationship between small-cell lung cancer staging and life expectancy in patients who had received chemoradiotherapy treatment

Sergey Dmitrievich Fokeev, Altai State Medical University, Russian Federation

Title: Can Palm Reading Pick Up Cancer?

Archana Baburao, Kempegowda Institute of Medical Sciences, India

Title: Long Term Outcomes of Neo-Adjuvant Chemotherapy in Locally Advanced Breast Cancer in Sudan

Ayda Hussein Omer Mustafa, Alneelain university, Sudan

Title: Breast cancer and the perioperative window

Michael Retsky, University College London, UK

Title: Psychosocial Support after Laryngectomy of a Patient with Laryngeal Squamous Cell Carcinoma – A Case Study

Sucharita Chatterjee, Command Hospital (Eastern Command), India

Event at a Glance

Title: Immunohistochemical Study of the Different Molecular Pathways Markers Including EGFR and HER2-NEU receptors and the molecular pathways whether ERK as an endpoint effector for RAS/RAF/MAP Kinase or AKT-mTOR-PTEN in Prostate Cancer for the potential Use of a New Target Therapy

Somaia Ahmed; Saad El-Din, Ain Shams University, Egypt

Title: The efficacy of detoxification diet in cancer diseases

Pilat Veronika Borisovna, Leovit nutria, Russian Federation

Title: IL-10 Polymorphism and Breast Cancer Risk in Georgian Women: A Case-Control Study

Saba Ahmadi, Tbilisi State Medical University, Georgia

Title: Absolute quantitation of protein biomarkers to provide prognosis beyond intrinsic subtyping of breast cancer patients

Jiandi Zhang, Quanticision Diagnostics, Inc, USA

Title: Visual inspection with acetic acid vs cervical cytology as a triage test for HPV positive women in detection of premalignant lesions of cervix

Hsu Myat Mon, Central Women's Hospital, Myanmar

Title: Epidemiological features of acute myeloid leukemia in five regions of the Republic of Kazakhstan: Population study

Aitbekov Rinat, Al-Farabi Kazakh National University, Kazakhstan

Title: The impact of COVID-19 on acute myeloid leukemia patients undergoing allogeneic stem cell transplantation

Reham Mansour, Mansoura University, Egypt

Title: Analysis of Results of SARS-CoV-2 RT-PCR Testing and Pooling Strategies for Screening of Asymptomatic Individuals – The Philippine Children's Medical Center Experience

Danielle Anne G. Gonong, Philippine Children's Medical Center, Phillipines

Title: Phenotypic Appraisal of Collision Tumors of Thyroid – Initial Experience of a Rare Entity at a Cancer Centre in South India

Sithara Aravind, Malabar Cancer Center, India

Title: The usefulness of high-risk HPV hybrid capture in patients with squamous cell atypia in cervical cytological examination

Flora Avila Adorno, Hospital Municipal São José, Brazil

Event at a Glance

Title: Histopathological correlation of microsatellite instability status in gastrointestinal carcinomas- A pilot study

S. Sowmya, Mahatma Gandhi Medical College and Research Institute, India

Title: Impact of Hydroureteronephrosis on Prognosis of Stage IIIB Cervical Cancer

Roma Jethani, Dr. B Borooah Cancer Institute, India

Title: A Study on Survival Analysis Methods Using Neural Network to Prevent Cancers

Ngoc-Dung Nguyen, Moadata, South Korea

Title: Effects of cyberchondriasis on cancer patients who have to undergo medical treatment for their disease

Harsha Agarwal, Rajiv Gandhi Cancer Institute and Research Centre, India

Title: Evaluation of Three-Dimensional Conformal Radiotherapy and Intensity Modulated Radiotherapy Techniques for Left Breast Post-Mastectomy Patients: Our Experience in Nigerian Sovereign Investment Authority-Lagos University Teaching Hospital Cancer Center, South-West Nigeria

Samuel Adeneye, University of Lagos, Nigeria

Title: An in-silico approach leads to explore six genes as a molecular signatures of lung adenocarcinoma

Mostafa A AbdelMaksoud, King Saud University, Saudi Arabia

Title: Prevalence of Consanguineous Marriages in UAE Nationals and the Risk of Genetic Diseases

Gazala Afreen Khan, Dubai Pharmacy College for Girls, UAE

Title: A narrative review of what the neuropathologist needs to tell the clinician in neuro-oncology practice concerning WHO CNS5

Yanghao Hou, Chongqing Medical University, China

Title: Directed axillary dissection: Our experience with the use of activated charcoal suspension

Africa Pineiro, Instituto Alexander Fleming, Argentina

Title: Hand-Held Ultrasound for Breast Cancer Screening in Low Resource Settings: Its Scopes in Future

M Mizanur Rahman, National Institute of Cancer Research and Hospital, Bangladesh

Event at a Glance

Title: How common is burnout? Are there protective factors? A study from a tertiary cancer center

Arati Hota, Mahatma Gandhi Medical College & Hospital, India

Title: Cavernous hemangioma in adult parotid gland encroaching on the parapharyngeal space: A case report

Manisha Regmi, Westchester Medical Center, USA

Title: Quality of Life of the Patient with Head and Neck Cancer Submitted to Radiotherapy and the Overload of Their Caregivers

Daniela Delalibera, UNIFAE, Brazil

Title: Ewing's Sarcoma of the Orbit: A Case Report

Jahnabi Das, Dr B Borooah Cancer Institute, India

Title: Factors affecting patient decision making in choice of Transanal Endoscopic Microsurgery Treatment (TEMS) for rectal cancer

Alexandra Koreli, University of Crete, Greece

Title: Application of snoezelen therapy on the field of pediatric psycho-oncology

Daniela Winnicka, University of Wroclaw, Poland

Title: Living donor liver transplantation for Hepatocellular Carcinoma research

Chih-Che Lin, Chang Gung University, Taiwan

Title: Evaluation of axilla with sentinel lymphnode biopsy using blue dye and axillary reverse mapping using fluorescein dye in patients with breast cancer

Aswin Puthangot, Safdarjung Hospital, India

Title: Predictors of Liver Cancer: a Review

Afsat I. Sherifova, Surgut Regional Clinical Hospital, Russian Federation

Title: Human papillomavirus and its association With cervical cancer: A review

Rawan T. Alhejaili, Taibah University, Medina, Saudi Arabia

Speaker slots are available for the conference. To book your slot, please mail us at cancer@scientexconferences.com or Whatsapp at +1 (681) 307 7814
